* * * * * * * * * * * *

(Special Dispatch to Gazette.) Richmond, Va., Feb. 5.—The enabling act, as amended, passed the State Senate this afternon by a vote of 29 to 11.

The following was the record-vote: Ayes, Senators Blacks, Bowers, Buchanan, Catron, Crockett, Early, Echols, Edmondson, Featherstone, Fletcher, Garrett, Gale, Gravatt, Hobbs, Lesner, Mapp, Massie, Moncure, Paxton, Rinehart, Royall, Saunders, Smith, Sowder, Tavenner, Walker, Watkins and West—29.

Nays: Cannon, Drewry, Harman, Hart, Holt, Montague, Parr, Paul, Rison, Thornton and Wendenburg—11.

The bill is so antagonistic with wet amendments that concurrence of the House it extremely doubtful, but a compromise measure is expected to result from consideration by joint conference committee.

Richmond, Va., Feb. 5.—After a tempestuous fiveshour trip through the Senate yesterday the Williams enabling act emerged at 7:05 o'clock last night shorn of several of the amendments which had been added to it by the Senate committee on Privileges and Elections, and freighted with important amendments engrafted by motion from the floor.

When the stream of amendments which had flowed unbroken from the time the last committee amanment was disposed of late in the afternoon, at last ran dry, the supperless senate was without the strength or will power to work any longer. The bill as amended passed to its third reading and engrossment, and Senator Royall followed instantly with a motion to adjourn. It carried unanimously

Two sessions of the Senate were required to dspose of the amendments and send the bill to its engrossment. The first session began at 12:30 o'clock and ended at 3:40 o'clock to give the weary senators a breathing spell and a chance to eat a hasty luncheon. The second session began at 5 o'clock and was over at 7:05.

Shorn of the debris of motions, resolutions, and more or less effective oratory, the senate's work on the enabling act yesterday is reducible to this summary:

It defeated and struck from the bill the committee amendment setting the special election for the fourth Thursday in June, instead of the fourth Tuesday in September, as was originally provided.

It defeated the committee amendment, making the electorate qualified at the time of the bill's passage the electorate that shall participate in the election, and adopted a substitute amendment offered by Senator Mapp, permitting all persons to participate who were registered on January 1, 1914, and who may qualify for the election later under the provisions of the general law.

It adopted the committee amendment putting the bill into effect on May 1, 1917, instead of on May 1, 1916, as was provided in the original bill.

It adopted the committee amendment exempting from the prohibitive law the manufacture of wine to be sold and transported out of the state.

It adopted an amendment offered by Senator Wendenburg, according to breweries and manufacturers of malt liquors that contain 3 1-2 per cent alcohol and less the same exemptions given to manufacturers of wine.

It adopted an amendment proposed by Senator West, exempting from the restrictions of the prohibitive act the manufacture and sale in Virginia of cider.

It defeated an amendment offered by Senator Harman, relieving from the operations of the law general bonded warehouses in which spirits are stored under government bond.

It rejected an amendment proposed by Senator Cannon, permitting hotels of 70 rooms' capacity or more to serve liquors to their registered guests.

It rejected an additnonal section offered by Senator Holt making it a misdemeanor, punishable by fine or imprisonment, after state-wide prohibition goes into effect for any person, social club or firm to have in its possession or receive in the original package or otherwise any intoxicating liquors shipped into this state, the manufacture and sale of which is prohibited by the law.

It ordered the amended bill to its third reading and engrossment after hearing debate and taking a recorded vote on all but one of the amendments enumerated.

Except for an outburst or two towards the close of the twin-session, the debate was free from bitterness.

CONGRESSMAN BREMNER DEAD

Radium Fails to Arrest Rapid Progress of Insidious Disease.

RED PLAGUE VICTOR.

Eyes of the Nation Had Been Watching Battle in Baltimore Hospital Against Terrible Foe.

Baltimore, Feb. 5.—Congressman Robert G. Bremmer, of New Jersey, after a grave fight against the ravages of cancer, died here today at 10:33 o'clock.

Members of his family who were with him when the end came, said he expired with a sigh of resignation.

Under the care of Dr. Howard A. Kelly the Congressman had been undergoing the radium treatment for several weeks. At one time the scientist predicted that the legislator would recover. About ten days ago he began to have sinking spells and from that time on he grew steadily worse.

To Secretary Tumulty, Bremmer said a few weeks ago that he was willing to die if by his death cancer sufferers would be benefited by the experiments made upon him.

President Wilson, a personal friend of the Congressman, had been kept informed of his condition daily and evinced a keen interest in his case.

It was four years ago that Congressman Bremmer first noticed a small hard spot in his arm, according to his sister secretary. Today the cancer took the young legislator's life. It had grown steadily, despite numerous operations by the country's leading surgeons to stay its progress. It grew so rapidly at first, the sister says, that in a short time it paralyzed her brother's arm. Finally it progressed so far that it attacked the flesh of the left shoulder and made straightway for the muscles of the patient's neck.

As a last resort the stricken legislator decided to undergo the radium treatment Christmas Eve. Christmas Day he entered the sanitarium of Dr. A. B. Kelly, in Baltimore. Several hours later eleven incisions had been made in the cancer, and as many rubber-coated tubes of radium placed therein.

COURT TO REVIEW ACT.

Property Owners of Houses in "Division" Prepare to Test Kenyon Measure.

Washington Feb. 5.—The Kenyon red light act is to be tested in the District Supreme Court.

Not later than Monday proceedings in equity will be started by Attorney Robert I. Miller, on the ground that his clents, property owners in the segregated district, cannot be dispossessed without due process of law.

This means at least a year of court proceedings, during which time the resorts of the "divsion" will probably operate as they have heretofore.

Attorney Miller, who will bring the proceedings to stay the closing of the resorts, declares that there are several flaws in the Kenyon measure. Section 3, he says, which provides that evidence of the general reputation of the places against which injunctions are asked shall be admissible, is open to attack, as many decisons have held that such evidence cannot be used in courts. Another special object of attack will be the fact that the act does not provide that the person asking for an injunction file a bond to show good faith.

Attorney Miller declares that this is contrary to the procedure of the courts. Another point which will be argued is that the bill affects property rights of citizens, who are not permitted a trial by jury, and, if contempt proceedings are brought, are liable to both fine and imprisonment.

"Why the Kenyon Bill?" is the first subject of a series of articles by Mrs. Kate Waller Barrett, to be written for the Washington Times.

In these articles Mrs. Barrett will show the causes for the present evil and its cure, why it has existed, and how to prevent it.

AKED ASKED TO RESIGN.

Says He Preached a Sermon to Suit New York Presbyterians.

San Francisco, Cal., Feb. 5.—When the Rev. Charles F. Aked, a clergyman of International renown, formerly pastor of the Fifth Avenue Baptist Church, New York, and personal friend of John D. Rockefeller takes the chair February 12 next as president of the Church Federation of San Francisco and ex-officio as chairman of the executive committee of the federation, he will be called to rule on a communication from the Presbyterian Ministers' Association of San Francisco Bay Cities asking for his resignation because of utterances from the pulpit of the First Congregational Church last Sunday. Dr. Aked annnounced later that he would resign.

Dr. Aked publicly declared he would not support the doctrine of the miraculous conception and birth of Christ. He then went on:

"My conclusion upon this question is that the faith of Mark and John and James and Paul is good enough for me. It is good enough for any Christian. These men say nothing about Jesus having come into the world in a miraculous way. I prefer to stand with them.

"What do we mean by saying he was divine? It is a question of quantity and not of quality. There is divinity in us, but so much more in Him that I prefer to call Him divine. Perhaps it would be better ti speak of the divineness of man and the divinity of Christ."

CITY OF TAMPICO ABOUT TO FALL

Onrushing Rebel Horde Menacing Gen. Huerta's Position.

FACE FUEL FAMINE.

Dictator's Commanders Outgeneraled by Villa and Other Rebel Chieftains—Nearing Last Ditch.

Mexico City, Feb. 5.—Only a thin line of defense lies between General Huerta and the onrushing rebel hordes today. And this defense is wavering.

Tampico is expected to fall before the hammering attack of the constitutionalists and the investment of that town in Villa's men is particularly vital to the capital because there is a great scarcity of fuel oil there. The supply comes from Tampico and this city is already facing a fuel famine.

Altamira, twelve miles to the north of the oil port, surrendered to the constitutionalists without resistance, it is reported.

Torreron, the outskirts of which are also being raked by shrapnel from rebel machine guns, also seems doomed. General Huerta is more concerned over the outcome of his military operations today than ever before.

Should Tampico and Torron fall it is regarded as certain that he will hasten his entry into the field of battle. All his generals have been outwitted and defeated by the wily Villa and other rebel chieftains, and Huerta is now his own last hope.

Mounted military patrols in bands of thirty guarded all the streets of the capital early today and throughout the night, by order of General Huerta to prevent possible anti-American outbreaks planned by students for today, the occasion being the anniversary of the adoption of the Mexican constitution of 1857.

General Huerta has sent to newspapers in every part of the world his written staetment that he desires accurate news reports of his campaign against the rebels in the north to be furnished to the public, and that to accomplish that he invites ten war correspondents to be his guests. Huerta offers to pay their transportation to Mexico, send them with his armies under his protection, feed them and pay all their expenses.

The dictator says he has 150,000 regular troops, 39,000 volunteers, and will soon raise 50,000 additional men. With this armed force he predicts the federals will crush out the rebels in the north and in a short time pacify the country.

Huerta prefaced his statement by saying that he had nothing to say at this time about the proclamation of President Wilson.

TAKES STATUE HOME.

Congress Turns Deaf Ear to "Millionaire For a Day."

Failing in his efforts to have Congress accept his bronze statue, John Hay ("Butch") McDevitt who arrived in Washington on a special train from Wilkes-Barre, Pa., has departed for his home.

After the "millionaire for a day" had received the report from his special committee, informing him that his statute was not accepted, he donned his clothes and called a taxi. With the bronze statue by his side, "Butch" attracted a fair-sized crowd and at Seventh street and Pennsylvania Avenue made a short talk in which he declared his intention to return to Wilkes-Barre, taking with him the statue.

"President Wilson is jealous of me and wants me to get out of town.' mourned "Butch" when he recited the day's disappointments to his retainers.

McDevitt was to have spent $3,000 on his trip. His hotel bill here was $75; his band cost $100; theatre tickets,$60;auto hire, $50;special train which brought him to Washington from Wilkes-Barre, $500. According to "Butch" the bronze statue cost him $500.

MOVEMENT FOR LOWER TAXES

Bill in Assembly Has Support of Governor Stuart and Auditor Moore.

RATE THIRTY CENTS.

This, it is Thought, Will Lead to More Honest Assessment and Further Reduction in Future.

Richmond, Feb. 5.—A reduction in the State tax rate on realty, personal property and intangibles from 35 cents on $100 to 30 cents is proposed in a bill introduced yesterday by Delegate R. L. Brewer, Jr., chairman of the House Committee on Appropriations. The bill has the approval of Governor Stuart, Speaker Cox, Auditor Moore, and others, and its patron believes that it will be unanimously reported.

"We have gone into this thing thoroughly," said Mr. Brewer yesterday. "This is no clap trap or flash in the pan proposition. Members of our committee have debated the matter at length after considering all of the petitions for appropriations, and we have consulted Governor Stuart, who approves of the reduction.

"We believe that it is a matter of good faith with the people of Virginia. The State has reached a point where there is a balance in the treasury and instead of seeking some way to spend it we believe it is proper to return it to the people in the shape in a reduction of the general rate of taxation on real and personal property. Furthermore, we believe that when this is announced as the policy of the General Assembly the people will meet us more than half-way. There will be fairer assessments of real estate and more general returns of personal property. When all property in the State is placed on the tax books at its fair value, there can be a still further considerable reduction in the rate of taxation."

"I am thoroughly in sympathy with the plan for reducing the State tax rate," said Speaker Cox yesterday. "It is recommended by the Auditor of Public Accounts. The patron has consulted me in regard to this bill, and I am heartily in favor of it."

STEAMER HITS ROCK.

All of 26 Persons Aboard the Vadso Are Saved.

Prince Rupert, British Columbia, Feb. 5.—The steamship Vadso, of the Union Line, Captain Richardson, was lost in Nasoga Gulf, Portland Canal, early Tuesday. The boat hit a rock in a heavy snow storm, sinking within half an hour in 170 fathoms.

All of the 26 persons on board were saved, reaching here today by the steamship Venture.

Captain Richardson's story of the sinking is that the Vadso struck in a wild storm when it was still dark. The steamer immediately began to fill. Many of the crew were in their bunks, and had only time to get a few personal effects and lower away small boats. All of the freight including a big coal shipment was lost.

The survivors reached Arrandale cannery, where they were picked up by the Venture.

The Vadso is given in Lloyd's register as a Norwegian steamer of 898 tons, 190 feet long, built in 1881.

Interesting News Notes About People of Alexandria-- Happenings in Society.

One of the prettiest home weddings that have occurred in Alexandria, took place last evening at the home of Mr. and Mrs. Herbert W. Anderson, when Mr. Anderson gave in marriage his daughter, Elizabeth Deane, to Mr. Wallace N. Lindsey, The ceremony, beautiful in itself, was impressively performed by Rev. W. J. Morton, rector of Christ Church. The bride, one of Alexandria's most lovable and beautiful young women, was an exquisite picture in white embroidered crepe meteor draped with rose point lace, the latter a family possession of over two hundred years. Her veil, wreathed with orange blossoms, was fashioned in the present day turban style, and the bouquet was of bride roses and lilies of the valley.

The matron of honor, her sister, Mrs. Edgar Lyons Woods, recently returned from the Philippines, wore a becoming gown of shell pink Chinese brocaded crepe, and carried a bouquet of pink sweet peas.

Mr. Sebrell, of Harrisonburg, acted as best man for Mr. Lindsey. At seven-thirty two small nephews of the groom, Masters Howard and Philip Price, marched from the hallway to the drawing room stretching the white ribbon streamers forming the aisle for the bridal party.

After the congratulations and best wishes of the guests to the newly-married pair, they repaired to the dining room where the bridal cake was cut. The table was dainty and unique in its arrangement. From the chandelier to the crystal candle sticks at the corner of the table, were fastened pink streamers of raw unspun silk and gracefully bending between was a profusion of pink carnations. The delightful punch was served by Mrs. Claude A. Swanson. The bride was the recipient of many handsome and serviceable gifts of daintily embroidered linen, hand-decorated china, cut-glass, silver, brass and mahogany, while it was the pleasure of her most intimate girl-hood friends to work some dainty article for the trousseau. Every guest felt proud to write his or her name in the wedding guest book found in the room where the gifts were arranged, amongst which were also seen the telegrams of best wishes and congratulations.

At nine o'clock, amidst a shower of rice, Mrs. Lindsey descended the stairs in a stylish blue cloth suit, with a hat of gold lace and black velvet, her going away costume.

Mrs. D. Moxley Low entertained most charmingly yesterday afternoon at her home in south Washington street. The game for the afternoon was five-hundred and the tally keeper was Miss Delia Phillips. Mrs. Henry Cooper served the guests upon arriving a delicious cup of egg-nog. The table was attractively arranged with cut flowers and appetizingly appealed with its inviting dishes of nuts and goodies.

The prizes were daintily embroidered pieces, the hostess' own hand-work, which made them doubly coveted. Miss Carrie Stribling was the lucky winner of the first prize, a beautifully worked piece of lingerie. The second prize, won by Miss Loula Smoot, and the consolation, by Miss Cora Cochran, were guest towels, and the booby prize, a dressing table scarf, was presented to Mrs. William Wattles.

Superintendent and Colored Helper Have Narrow Escape Last Night

Harry B. Richards, superintendent of the Alexandria Steam Laundry Company, and James Harris, a colored helper, escaped death by a narrow margin last night at nine o'clock when a heavy fire door, faced with iron fell on the two men. To Be Seen Exclusively Here

Careful restraint from over-elaboration is a clear note of distinction in Embroideries and Robe Patterns which we are displaying. This in no way places limitations upon the many exquisite and exclusive novelties, however, for we have never made such a gorgeous display.

The Embroideries for Rope Patterns have been made with two distinct styles in view, the 45-inch width for the beautiful draped gowns, and the 22 and 27-inch widths for the two-tier skirts, in many weaves and combinations

French Muslin and Crepe, Voile, and Crinkled Crepe. Voile Robes in solid shades, embroidered in self color or in fancy shades; White Voile Robe patterns embroidered in dainty pompadour effects.

THE AGE OF REVOLUTION.

One of the modern standard histories of the world contains a volume devoted to the principal revolutions which have taken place during the past two or three centuries and which have caused such changes in mundane conditions. It seems to be assumed by the editor of this bulky production that the age of insurrection, like the antediluvian era, is among the things of the past, and that revolts, having accomplished their purpose have passed off the scene and become as dead as the age of knight errantry.

Within the past few years startling changes have taken place on this planet. Fossil autocracies have given place to republics, and the usual train of troubles has followed Turkey and Persia have passed through great transitions and China has followed their example. But neither of the three ancient nations is enjoying the peace the people supposed would follow the change in their forms of government.

The American continent is at present storm-tossed, five nations—Mexico, Peru, Ecuador, Nicaragua and Haiti—being theatres of revolution and bloodshed.

Startling suggestions of the possibility of revolution in the United States are contained in a minority report of the Senate Judiciary Committee urging adoption of Senator Shafroth's resolution for a Constitutional amendment to fix the second Monday in January following a national election for the date of inauguration and the first Monday in January for Congress to assemble. The report points out that under the existing conditions "it becomes possible for a political party repudiated by the people to elect a President who was defeated at the election" in case any candidate fails to get a majority of the electoral vote. "Under the present provision of the Constitution," the report says, "in the event the House fails to choose a President before March 4, the Vice-President then in office becomes President for four years. This affords a great temptation by mere delay to defeat the will of the people, and if it is ever exercised it will likely produce a revolution."

BURNETT BILL PASSES.

Exciting Scene in House of Representatives Yesterday.

The Burnett immigration bill, prescribing a literacy for applicants to admission to the United States, was passed by the House yesterday by a vote of 241 to 126. All proposed amendments relating to the exclusion of Asiatic immigrants previously had been eliminated. As the bill passed, [illegible]ides that every immigrant ad-[illegible] to the United States must be able to read "the English language or some other language or dialect, including Hebrew or Yiddish." It prescribes the method of testing immigrants, providing that each applicant for admission must read a slip on which is printed between 30 and 40 words. In its present form this measure passed the House and Senate in the last Congress, but was vetoed by President Taft. A similar bill was vetoed during President Cleveland's second administration. The supporters of the bill are confident that it will again pass the Senate, although President Wilson has let it be known that he does not approve the literacy test.

The final vote came at the end of a day of vigorous debate, which at times threw the House into confusion, and on several occasions thratened to cause serious trouble.

Representative Burnett, of Alabama, in charge of the bill, tried to hurry the debate along, and frequently moved to proceed, and shut off the discussion. On one occasion Representative Manahan, of Minnesota, commented upon what he called "the unfairness with which this bill has been driven through, and the unfair statements of the chairman, Mr. Burnett, in view of his fear and cowardice which he has shown in not daring to answer objections."

With a bound, Representative Burnett was on his feet.

"That's a lie, Mr. Chairman, and the gentleman knows it," he shouted.

Amid a tumult of demands for recognition, points of order, and a general outburst of disorder, Representative Hay, in the chair, finally called Representative Manahan to order. Another outburst followed, in the course of which Representative Manahan withdrew the word "cowardice."

At another point in the debate, Representative Hay, of Virginia, presiding as chairman, and Representative Mann had a heated exchange, the latter declaring that "the chair is disrespectful to the House."

TEACHER ATTACKED.

Uses Horsewhip and Pistol, But Athletic Professor Knocks Assailant Down.

Cape Charles, Va., Feb. 5.—Because his son, a pupil at Cheriton High School, had been disciplined by corporal punishment, and sent home for misconduct during school hours, I. W. Baxter, constable of Capeville district, made an attack yesterday afternoon on Prof. J. A. Stone, principal of the school, with a horse whip, and then tried to shoot him. Baxter, immediately upon learning of the punishment meted out to his son, drove to the school, walked to the entrance, horse whip in hand, and called for Prof. Stone. After being told by the Professor that the boy had been given a needed punishment, he proceeded to flog the teacher with a horsewhip, but was knocked to the ground by the stalwart and athletic professor's first.

Arising he pulled out his revolver, and but for the timely interference of his daughter would have shot Professor Stone. The girl seeing what was about to take place rushed on the scene and grabbed her father's arm just as the pistol was discharged, the bullet going wide of its mark. A heated argument then ensued between Baxter and Stone, and as he turned to leave Baxter struck him over the head with the revolver butt.

The school trustees held a special session Tuesday afternoon, but no action was taken in this matter. They meet again today, however, and it is expected that they will proceed to have Constable Baxter indicted for his attack on the principal.

Professor Stone could not be seen yesterday evening, but it was learned that he did not suffer any serious injury from the altercation .

KILLED TRYING TO ESCAPE.

Convict Making Dash For Liberty Shot Down by Guard.

Joliet, Ill., Feb. 5.—Oscar von Hagan, in the State Penitentiary here, from Chicago, for burglary, was shot and killed yesterday while attempting to escape. Von Hagan made his dash for liberty as the quarry gang was lining up to march to dinner. He tried to crawl under a gate and when Jeremiah Collins, a prison guard, shouted to him to stop, paid no attention to the warning.

Collins fired, the bullet striking the convict in the head. In the excitement which followed James O'Neil, another Cook county prisoner, dashed through the gate which had been opened to release Von Hagan's body, but was pursued and caught.

Von Hagan was sent to the penitentiary last July for from one to 14 years. He was said to have been a graduate of the University of Heidelberg.

NEWS OF THE OLD DOMINION

FARMERS' UNION.

Appoint Committees to Look After Work of Organization.

Petersburg, Va., Feb. 5.—Several addresses of note were delivered Tuesday before the convention of the Virginia Farmers' Co-Operative and Educational Union, and to very attentive and applauding audiences. These were by A. B. Thornhill, the business agent of the organization; Dr. Heathwood, of Harrisonburg, and C. S. Barnett, of Georgia, president of the National Union.

What has been accomplished and what remained to be accomplished by the unions, in the work of co-operation and education, were themes that were elaborated.

Before the adjournment of the morning session, resolutions were offered by Delegate P. R. May, of Henry county, and adopted, demanding on the behalf of the Virginia division of the Farmers' Educational and Co-Operative Union of America:

First—Amendment of our constitution so as to permit the election of all school officers by direct vote of the people.

Second—Urging the passage of the bill now before the General Assembly appropriating a largely increased amount from primary and grammar grade schools.

Third—That our school laws be so changed as to equalize opportunity and give every child in county and city a school term of equal length.

The following resolution was adopted:

Resolved: That as agriculture is the basis of prosperity in Virginia and that cheap lime will enable our farmers to greatly improve their farms by grass and leguminous crops and stimulate the cattle, hog and grain industries of the state, therefore we urge the General Assembly of Virginia to appropriate $70,000 to $100,000 additional to enable the State of Virginia to establish such lime-grinding plants with the aid of convict labor as the demands of the farmers may justify.

MISSING MAN.

Danville Man Mysteriously Disappears in Richmond.

Richmond, Va., Feb. 5.—J. W. Dalton, a close friend of A. K. Venable, who disappeared mysteriously December 8 last, appeared yesterday at police headquarters and asserted his belief that Venable had been slain.

Asked why he believed this to be so, Dalton said:

"Venable was in the habit of doing considerable gambling and I think he was put out of the way by rough characters he met in this way. There are some dives in the neighborhood of Reservoir Park which Venable potronized."

Venable, who was 30 years old, disappeared after purchasing a number of toys which he expected to send to his children in Danville for Christmas. The toys are still in his room.

BREAKS ALL RECORDS.

New Hampshire Maintains Speed of 18.85 Knots an Hour for 24 Hours.

Norfolk, Va., Feb. 5.—Breaking all previous records for endurance runs, the battleship New Hampshire has arrived at Guantanama. The New Hampshire and Louisiana left here last week, and both were to have endurance speed runs on the way down the coast.

The Louisiana, when two days out, broke down, and her trial speed runs had to be abandoned. She arrived at Guantanamo with one of her engines out of commission.

The New Hampshire for 24 hours maintained a speed of 18.85 knots per hour, the best record of any ship of her class has ever made. Last year her speed was 18.57 over the same course and under more favorable conditions.

She made a speed of 18.16 on her builders' trial trip, which was considered good by the navy board which accompanied her.

Abram Barnes and his younger brother, William, "bad men" went to Waynesboro, Pa., Tuesday night, from their home in the mountains near the Maryland line, filled themselves with liquor and proceeded to terrorize Waynesboro. William Daywalt, a policeman, ordered them to leave and in a subsequent altercation with Daywalt and the chief of police, the brothers opened fire. One bullet killed Daywalt, another wounded Miss Marie Gaff, a bystander. Barnes was killed this morning by the sheriff's posse while trying to escape.

WILLETTS DIVORCE CASE.

Fairfax Realizes it is to Hear Details of Marital Troubles.

Fairfax Court House, Va., Feb. 5.—Quaint little Fairfax, all of a sudden, realizes that it is yet to learn the details of the Willetts' divorce case, Nothing has been heard, even by the whisper route.

Last Friday Judge Thornton granted Mrs. Marie H. Willetts an absolute divorce from her husband, Samuel Willetts, wealthy New York clubman and sportsman. Everything was kept in secret. Alimony was fixed by the lawyers. The testimony was sealed, and every effort made to keep the facts from the public. It is not authoriatively known what charges Mrs. Willetts preferred against her husband. Neither of the two parties appeared in court. Both were in New York trusting everything to their lawyers.

Mrs. Willetts is back again among her friends at the Meadowbrook colony. She has some beautiful dogs, and says in the future she will love her pets more than mankind.

The only thing Mrs. Willetts said in New York, upon being seen there in society after the decree of divorce has been sent her from Fairfax, was that "Sam was most generous, and I am more than pleased from the viewpoint of the financial settlement.

Miss Waller Named.

Richmond, Feb. 5.—Governor Stuart today made his first appointment of a woman. Soon after he got to his office he called Secretary Forward in and handed him an official document. It was made out in the name of Miss G. M. Waller, of Richmond, appointing her a notary public for a full term of four years.

The Japanese government has decided to send two cruisers to take part in the ceremonies attending the opening of the Panama Canal.

OFFER OF $10,000.

Charles R. Crane, of Chicago, Announces a Conditional Gift to University.

Richmond, Feb. 5.—Charles R. Crane, of Chicago, prominently mentioned as the next ambassador to Russia, has offered $10,000 as the first gift toward the establishment of the co-ordinate college for women at the University of Virginia, if the bill authorizing the instituiton is passed by the General Assembly.

This is the first offer of its size that has been made toward the financitl support of the institution, and indicates the interest that is abroad ouside of the immediate confines of the State in regard to the movement.

Mr. Crane is known to be greatly interested in the university, and it was his sympathy with the Virginia institution's interests that caused him to make the offer. Mr. Crane recently presented the university with a handsome replica of the famous statue of Thomas Jefferson, which was the work of the distinguished sculptor, Carl Bitter, and which is now in Chicago.

Death of Police Captain.

Richmond, Feb. 5.—Police Captain W. A. Barfoot, died yesterday in St. Elizabeth's Hospital. Death was not unexpected, as he was known to be dying when taken to the hospital several days ago. Cancer of the stomach was given as the cause. Captain Barfoot was 61 years old.

Senator Ransdell, in a speech on the floor of the Senate yesterday, declared the divorce evil had grown to such proportions in the United States that only the most drastic remedy could reach it. That remedy, he asserted, was constitutional prohibition.
